Continuation of Substance of Interview including description of the general nature of what was discussed: Applicants' response submitted July 10, 2007 put the case in condition for allowance. Applicants, in their response, requested rejoinder of process claims 6, 13 and 14 to the allowed product claims 7 to 12. The Examiner determined that independent process claim 6 did not recite all of the limitations that appear in allowed independent product claim 7. The Examiner telephoned Mr. Killian to discuss an Examiner's Amendment to incorporate the limitations of allowed independent product claim 7 into the independent process claim. Agreement was reached on an amendment, see the Examiner's Amendment. Mr. Killian also agreed to the Examiner's request for a Terminal Disclaimer regarding application SN 10/679,282.
